For Immediate Release

VANCOUVER, BC, March 26, 2015 – Reunion Pictures, in association with Shaw Media, today announced that production is underway on season four of ***Continuum***, Showcase's Canadian original action-drama about a policewoman from 2077 who travels back in time to track down escaped Liber8 convicts from the future. The six one-hour episode conclusion wraps production in late May and premieres **July 26, 2015** on Showcase.

In season four of *Continuum*, Kiera Cameron (Rachel Nichols, *Criminal Minds*, *Alias*) and the mysterious time traveler, Brad Tonkin (Ryan Robbins, *Falling Skies*, *The Killing*) must battle the Future Soldiers who arrived in a flash of light in the last moments of season three. Meanwhile, Kiera's alliance with the remaining members of Liber8 challenges her relationship with both Carlos (Victor Webster, *Castle*, *Melrose Place*) and Alec Sadler (Erik Knudsen, *Jericho*, *Scream 4*).

Kiera must also face off against Kellog (Stephen Lobo, *Arctic Air*, *Smallville*), who is using every option available to him to become the ruler of a dark future built in his image. Ultimately Kiera is put to the test when the dream of potentially reuniting with her family is reignited.

"The final season of *Continuum* is built around the opportunity for Kiera to finally get home, and poses the question: what are we prepared to compromise to achieve our ultimate goal?" said **creator/executive producer Simon Barry**. "Kiera must put those she loves at risk to pursue a dream that she thought was impossible."

"We are happy that fans all over the world will now receive the highly anticipated conclusion to this critically acclaimed series," said **Reunion Pictures' Tom Rowe**. "Under the creative direction of Simon Barry, Executive Producer/Director Patrick Williams, and our stellar cast, the final season promises to deliver some fascinating answers to the complexities of *Continuum*'s present and future worlds."

Returning cast include Roger Cross (*Motive*, *Arrow*), Omari Newton (*Blue Mountain State*, *Sophie*), Luvia Petersen (*The L Word*) and Terry Chen (*Bates Motel*, *Combat Hospital*).

Continuum is created by Executive Producer Simon Barry (*The Art of War*) while DGC Award winner Patrick Williams (*Shattered*, *Smallville*) is Executive Producer and Director. Reunion Pictures partners Tom Rowe, Lisa Richardson and Matthew O'Connor are Executive Producers.

Viewers can catch up on previous seasons of *Continuum* on shomi.

Filmed on location in Vancouver, BC, *Continuum* is developed and produced by Reunion Pictures. International distribution is handled by Endemol. The series is now seen internationally in over 100 countries.
